I am Anwesh Krishna B, a dedicated and enthusiastic engineering student at Vivekananda College of Engineering and Technology. With a strong passion for software development, I specialize in Android and web development, consistently seeking to enhance my skills and stay abreast of the latest industry trends. My academic journey and hands-on projects have equipped me with a solid foundation in these areas, driving my commitment to create innovative and user-friendly applications.

EDUCATION

1. Bachelor of Engineering in Computer Science and Technology
Vivekananda College of Engineering and Technology, Puttur, Karnataka

Projects

- **BE_HELPER(10/2022-11/2023):**
Engineered BE_HELPER mobile application using Flutter and Dart, providing engineering students a centralized platform for categorized study materials, user authentication, and offline access, increasing resource accessibility by 50% and user retention by 30%.
- **Workforce Management System(03/2024-04/2024)**
Engineered a PHP-based Workforce Management System integrated with MySQL, streamlining employee scheduling and attendance tracking; improved operational efficiency by 40% and reduced scheduling conflicts by 30%

Technical Skills

1. Programming Language Fluent in: Python, C, Dart
2. Programming Language little bit known: java
3. Web Development: HTML, CSS, JavaScript, AngularJS, PHP
4. Android Development: Android Studio, dart, Flutter
5. Tools & Technologies: Git, GitHub, XAMPP, Firebase

Soft Skills

1. Communication skill
2. Time Management
3. Creativity
4. Problem Solving
